	11111 20/10/201	6		

Notice of discharge by certificate of the official assignee under section 1225(3) of the bankruptcy act.

#### **Bureau Score**

The Bureau Score is calculated from an algorithm based on information in your current available credit data and is a fluid number which may change from time to time in tandem with changes in your credit information.

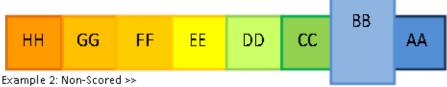

The Bureau Score or this Credit Report does not draw any conclusions or make credit decisions for financial institutions. The Bureau Score is only one of various pieces of information used by financial institutions in their credit assessment process. The use of the Bureau Score by a financial institution for credit assessment is entirely optional. Each financial institution has its own internal credit score and risk profile for each applicant including the applicant's financial and demographic information. Credit Bureau (Singapore) Pte Ltd is not involved in any way in the credit decision process of the financial institution.

Example 1: Scored >>

Risk Grade Description . . . . : Score 1844 - 1910: Prob of Default between 0.27% to 0.67% Probability

of Default.....: 0.28%

Score. . . . . . . . : Not Applicable

Risk Grade . . . . . . : HZ

Risk Grade Description . . . . : Currently 90 + / write off with outstanding balance greater than or equals to \$300 Probability

of Default.....: Not Applicable

HZ

For more details on the description of various risk grades, please refer to the "Credit Report Explanation" section below.

#### **Explanation of Scorecard values**

#### Score

The score ranges from 1000 to 2000, where, statistically, within the next 12 months, individuals scoring 1000 have the highest probability of defaulting on a repayment, whereas those who score 2000 have the lowest chance of reaching a delinquency status.

#### **Probability of Default**

The probability of the consumer defaulting based on statistics and the population average, within the next 12 months.

#### Key Contributing Factors associated with this Rating

Too Many Enquiries Marginally Increases Risk Credit Exposure Moderately Increases Risk

#### **Factors affecting the Bureau Score**

The Bureau Score may be affected by various combinations of key contributing factors such as frequent/recent enquiries for new credit and presence of default or slow payment statuses. Possible ways to improve your Score is to reduce the number of unnecessary new credit applications, as lenders will enquire a credit report on you and these will reflect in the previous enquiries count. Paying your credit bills on a timely basis and avoiding any overdue and default payment behavior will also have a positive impact to your Score.

The above are some of the common contributing factors but the Bureau Score makes use of all available data to formulate the final result and it is not only dependent on any one of these.
